

ANUBHAV SHRIJAN MISHRA

am3359@srmist.edu.in — +91-7667275993 — [LinkedIn](#) — [GitHub](#) — [Portfolio](#)
Kattankulathur, Chennai, Tamil Nadu 603203

OBJECTIVE

ECE undergraduate with a strong foundation in communication networks, data structures, and DBMS, backed by hands-on software engineering experience building and testing backend systems and REST APIs. Comfortable with cloud platforms (AWS) and version control (Git/GitHub), with a builder's mindset and quick ability to pick up new technical domains. Led 60+ member technical events and mentored teams as Senior Student Chair of IEEE EDS.

EDUCATION

SRM Institute of Science and Technology (SRMIST)	2023 – 2027
B.Tech – Electronics and Communication Engineering (Data Science)	CGPA: 9.42/10
Relevant Coursework: Computer Networks, Data Structures & Algorithms, DBMS	
Chinmaya Vidyalaya, Bokaro Steel City, Jharkhand	2022
Class XII – PCM with Computer Science (CBSE)	69.4%
Adiwasi High School, Sahibganj, Jharkhand	2020
Class X – Science (JAC)	88.8%

PUBLICATION

Wearable Smart Face Mask Based on Functionalized Graphene for Real-Time Monitoring of Human Respiration

IEEE Sensor Journal · Co-author with Dr. Avik Sett · Nanotechnology Domain · [View Paper](#)

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C, C++, Kotlin, SQL, R, JavaScript
- **Software Engineering:** Data Structures & Algorithms, REST APIs, Application Design & Testing, Object-Oriented Programming, Debugging, Code Review
- **Databases & Data Engineering:** MySQL, SQL, PL/SQL, DBMS, Data Extraction, Data Manipulation, Data Pipelines
- **Cloud & Tools:** AWS, Git, GitHub, VS Code, MySQL Workbench, KNIME, Arduino IDE
- **AI & ML:** Machine Learning, Deep Learning basics, Classification, Feature Engineering, Model Evaluation, Scikit-Learn
- **Generative AI & LLM Tools:** Prompt Engineering, RAG, LangChain, FAISS, HuggingFace Embeddings, OpenAI API, AI Coding Assistants (ChatGPT, Claude, GitHub Copilot)
- **Data Analytics & BI:** Power BI, MS Excel, Data Preprocessing, Regression Analysis, Predictive Modeling
- **Web & Mobile Development:** HTML, CSS, JavaScript, Responsive Web Design, Android Development (Kotlin), Android Studio, UI Design, API Integration

EXPERIENCE

- **Network Security Associate Virtual Internship** — Fortinet Training Institute Jun – Aug 2026
 - Completed an 8-week AICTE–EduSkills virtual internship covering network security fundamentals, firewall configuration, and VPN technologies
 - Configured firewall policies, SSL inspection, IPS/web filtering, and secure remote access using FortiGate 7.4
 - Achieved Grade O (Outstanding)
- **SQL and Database Management Systems Virtual Internship** — EduSkills Academy Apr – Jun 2026
 - Completed an 8-week AICTE–EduSkills virtual internship on relational database design, advanced SQL, and NoSQL fundamentals
 - Built full-stack database integrations using Node.js, FastAPI, and Power BI dashboards; applied query optimization and security best practices
 - Achieved Grade O (Outstanding)

- **Cloud Gen AI Virtual Internship** — AWS Academy Jul – Sep 2025
 - Completed a 10-week AICTE–EduSkills virtual internship exploring generative AI on cloud infrastructure
 - Gained hands-on exposure to AWS Academy’s Gen AI curriculum and cloud-based AI services
 - Achieved Grade O (Outstanding)

PROJECTS

Distributed Job Scheduler 2026

Python · FastAPI · PostgreSQL · [Live Demo](#)

- Designed, built, and tested a job scheduling platform end-to-end, implementing atomic job claiming (PostgreSQL FOR UPDATE SKIP LOCKED) to guarantee exactly-once execution across concurrent workers.
- Implemented configurable retry policies with exponential backoff and Dead Letter Queue handling for fault-tolerant, cost-effective operation.
- Exposed a REST API with a live monitoring dashboard, designed for high system reliability and scalability — mirroring production-grade backend architecture.

PDF Knowledge Retrieval using RAG Aug 2026

Python · LangChain · FAISS · HuggingFace Embeddings · [Code](#)

- Built an end-to-end retrieval-augmented generation (RAG) pipeline to perform semantic search and grounded question-answering over PDF document content.
- Implemented document chunking, vector embedding generation, and similarity-based retrieval using FAISS vector store.
- Explored chunking strategies and their impact on retrieval relevance and grounding accuracy — directly informing prompt and pipeline design decisions.

Heart Disease Prediction System 2026

Python · Scikit-Learn · Classification · EDA

- Built a machine learning classification model to predict heart disease risk using clinical dataset features.
- Performed exploratory data analysis, feature engineering, and preprocessing to improve prediction accuracy.
- Evaluated Logistic Regression, Decision Tree, and Random Forest models and selected the best-performing classifier.

House Price Predictor 2025

Python · Scikit-Learn · Pandas · Regression

- Developed a regression model to predict housing prices with 85% accuracy.
- Applied preprocessing, feature selection, and cross-validation to improve generalization.

Crop Production Analysis 2025

Python · Pandas · Matplotlib · Data Analytics

- Analyzed agricultural production datasets to identify crop yield patterns and regional trends.
- Performed data cleaning, visualization, and statistical analysis using Pandas and Matplotlib.
- Generated insights through charts and summary statistics for decision-making.

CERTIFICATIONS

- **Data Structures and Algorithms** — Microsoft Feb 2026
- **SQL for Data Science** — UC Davis (Coursera) Feb 2026
- **Data Analytics Essentials** — IBM Jun 2025
- **Introduction to Front-End Development** — Meta Dec 2024

MEMBERSHIP

IEEE Electron Device Society (EDS) — SRMIST May 2025 – Present

Senior Student Chair · Technical Member · [IEEE Membership](#)

- Led technical initiatives and coordinated 60+ member events, communicating effectively with stakeholders and mentoring junior IEEE members to drive participation across the SRMIST EDS chapter.
- Streamlined event coordination processes and communication workflows across the technical chapter.

TEST SCORES

- | | | |
|--|----------|-----|
| • Database & Data Structure Test Series — Sanfoundry | Sep 2025 | 91% |
| • C Programming Test — SRMIST IEEE / Purdue EPICS | Feb 2024 | 90% |

VOLUNTEERING

Community Teaching Program — Saraswati Shishu Vidya Mandir, Jharkhand Jun – Jul 2025
Mentored primary school students in academics as part of a community development initiative.

ACHIEVEMENTS

- 3rd Position — Best Project Exhibition, SRMIST (Jul 2024)
- Best Anchor Award — Saraswati Shishu Vidya Mandir (May 2021)

LANGUAGES

- English — Professional Working Proficiency
- Hindi — Native / Bilingual Proficiency
